

Specialist Travel Insurance for your next Adventure

Following on from your recent booking we **strongly recommend that you now take out insurance**, as this will provide you with immediate cover should you be prevented from travelling due to an illness or serious accident.

We have teamed up with Endsleigh who offer two different levels of cover 'Essential and Comprehensive'.

'Essential' allows you to travel with the cover needed for holiday emergencies at a modest price, whilst 'Comprehensive' cover includes higher benefit levels and a wider range of cover including hospitalisation benefit, baggage delay and delayed departure.

Each policy has **over 80 sports and activities** covered as standard, with the option to choose additional cover if required.

To **save 10%**, arrange **instant cover** and access **documents online**
